In Reg: Presidential Candidacy for Barack Obama Jr.

Honorable Secretary of State, William M. Gardner

This is a “Letter of Complaint” with demand to produce “Documents of Qualification” that placed Barack Obama Jr. of the Election Ballots of the State of New Hampshire.

As you may know, earlier in the year, there was a Public Hearing by the New Hampshire Ballot Commission on or about (unknown date) wherein the Commission took Testimony challenging the “Birth Certificate” and other Documents that the Secretary of State, Department of Elections may have relied upon to place Barack Obama Jr. on the Election Ballots for the State of New Hampshire. /1

The Members of that New Hampshire Ballot Commission Hearing were reminded that they had no criminal jurisdiction to determine questionable filings of nomination papers. In regard to the above mentioned “Hearing,” the Members ruled on the advice of their

legal Counsel, that they shall take no action as the evidence submitted did not show a violation of the New Hampshire Election Laws nor did the Complainants show that the Candidacy of Barack Obama Jr. as President of the United States violated the Election Laws of 655:47 or 655:48:

The Complaint of the Complainant was dismissed.

According to subsection III of the above Election Law, it is the Secretary of state that has the duty to determine if a “Declaration of Candidacy” was legitimate and the decision shall be final. In carrying out this provision of the Election Law there must be an understanding that the Secretary of State has criminal jurisdiction to enforce 655:45 of the Election Laws, the protection of Nomination Papers:

655:45 Nomination Papers Protected. No person shall falsely make or file or knowingly deface or destroy any nomination paper, or any part thereof, or sign any nomination paper contrary to the provisions of law knowing the same, or any part thereof, to be falsely made or suppress any nomination paper, or any part thereof, which has been duly filed. Whoever knowingly violates any of the provisions of this section shall be guilty of a misdemeanor if a natural person or be guilty of a felony if any other person.
Notwithstanding the limited jurisdiction of the New Hampshire Ballot Commission, the Secretary of State has unlimited jurisdiction to determine the qualifications of Presidential Candidates to appear on the Election Ballots for the State of New Hampshire.

For anyone holding the position of a Secretary of State of a State, that individual is required by the laws of the State (as well as the U.S. Constitution) to take an “Oath of Office” to “Support the United States Constitution” \(^2\)

When a Public Officer takes an “Oath of Office” to support the U.S. Constitution, there is an understanding that the Public Officer has read the U.S. Constitution and has made a study of it. A presumption is made that every Public Officer knows every Article and Amendment to the U.S. Constitution and knows the history behind the writing of those Articles and Amendments. In other words, no excuse can be made for any Public Official of a state to allow a non-resident alien or an individual that has no standing under the U.S. Constitution to be a “natural born Citizen” of the United States to appear on any Election Ballot of the State as a Candidate for the President of the United States.

It is common knowledge that the father of Barack Obama Jr. was a full blooded Negro who was born in the Colony of Kenya. It is also common knowledge that Barack Obama Jr.’s father was never a United States Citizen. With these facts in mind, the race status of Barack Obama Jr. must be found to be “Mulatto” (being that he has both the blood of a Negro father and the blood of a white Caucasian mother flowing though his veins).

It is also common knowledge that “Negroes” and “Mulattos” are regulated by special adopted Amendments to the U.S. Constitution, namely the Thirteenth, Fourteenth, and Fifteenth Amendments. If you have studied the U.S. Constitution (as you are expected to do as a Public Officer of a State), you would have known that the

\(^2\) see U.S. Constitution at Article VI, Section 1, Clause 3
Fourteenth Amendment did not grant Barack Obama Jr. any “Political Rights” to hold “Public Offices” of United States government and the only Political Right that Barack Obama Jr. may have exercised was the casting of votes at an election under the provisions of the Fifteenth Amendment.

The same may be said of “Women” who have been “Candidates” for the Office of President of the United States, for the only “Political Rights” they may exercise is the casting of votes at elections under the authority of the Nineteenth Amendment to the U.S. Constitution. No exceptions may be made without the U.S. Congress proposing an Amendment to which the states of the United States of America has ratified.

**Proof of Authority**

When the qualifications of Candidate to a Public Office has been brought into question and there is sufficient Documents and Exhibits that shows the Candidate may not be qualified for the Office, it is the duty of the Candidate to come forward and document with “verified” Documents of his qualification to hold the Public Office. So it is with Barack Obama Jr.

Please mail to me Photocopies of the Documents which you relied upon to place Barack Obama Jr. on the Election Ballots for the State of New Hampshire. What was the “verified” Document authority that you relied upon to make the determination that Barack Obama Jr. was a “natural born Citizen” of the United States of America (which allowed you to place Barack Obama Jr. on the Election Ballots of the State of New Hampshire)?

As “reasonable doubt” has been established at “Public Hearings” of the “New Hampshire Ballot Commission” and within the “Exhibits” that accompanies this letter, you have no authority to make a personal presumption that Barack Obama Jr. is a “natural born Citizen” of the United States. If the Candidate for the Office of President of the United States is not a “natural born Citizen,” you are without lawful
authority to place that Candidate on the Election Ballots of New Hampshire without “Verified Documents” on file with the New Hampshire Election Office establishing the qualification of the Candidate to hold the Public Office. Just being born on the soil of the United States does not establish the “natural born Citizen” status of a child, especially if that child is of the Negro descent.

I have enclosed two Documents in support of this letter. They are identified as “Exhibit One” (Letter of “Objection and Questions” to the Secretary of State for the State of Georgia) and the second as “Exhibit Two” (Letter to Indiana Appellate Court Judge Elaine B. Brown). These two “Exhibits” should help you determine the qualifications of Barack Obama Jr. to appear on the New Hampshire Election Ballots as a Candidate for the Office of President of the United States of America.
